We hope you find the information on our website and resources useful. As far as possible the contents of this resource are reflective of current professional research. However, please be aware that every child is different and information can quickly become out of date. The information given here is intended for general guidance purposes only and may not apply to your specific situation. Outdoor areas provide great opportunities for play and learning, always check for any environmental risks before taking part in outdoor activities, and only proceed if it is safe to do so. Ensure children always wash their hands after being outside. Please be respectful of nature and take care of animals and plants. We will not be held responsible for the health and safety of those participating in activities, and cannot accept any liability. By organising or participating in any activity described, you acknowledge that it is the responsibility of supervising adults to ensure the safety of children in their care.
